Everything Changes

STAIND

D#
If you just walked away
G#
What could I really say
Cm
would it matter anyway
G#
would it change how you feel

D#
I am the mess you chose
G#
The closet you cannot close
Cm
The devil in you I suppose
G#
'Cause the wounds never heal

D#
But everything changes
G#
If I could turn back the years
Cm
If you could learn to forgive me
G#
Then I could learn to feel

D#
Sometimes the things I say
G#
In moments of disarray
Cm
Succumbing to the games we play
G#
To make sure that it's real

D#
But everything changes
G#
If I could turn back the years
Cm
If you could learn to forgive me
G#
Then I could learn to feel

Cm G# D# A# (X2)

D#
When it's just me and you
G#
Who knows what we could do
Cm
If we can just make it through
G#
Through this part of the day

D#
But everything changes
G#
If I could turn back the years
Cm
If you could learn to forgive me
G#
Then I could learn how to feel
Cm
Then we could stay here together
G#
And we could conquer the world
Cm
If we could say that forever
G#
Is more than just a word

(Repeat First Verse)
